## GLOBAL AWARDS 2017

---

**Finance Monthly is pleased to officially announce the full list of finalists and, of course, the winners of our 2017 Global Awards!**

Every year Finance Monthly's Global Awards recognise and commend financial advisers and organisations from across the globe who have excelled in their work and have performed at the highest level possible.

When tasked with identifying the most successful individuals and companies from around the globe in order to produce this special awards edition, Finance Monthly's research team has through careful consideration worked hard to assess nomination entries, and has conducted extensive research involving clients and peers. The end result is an awards publication which contains some of the most successful and trusted advisers and firms operating in today's complex and dynamic financial and legal sectors.

We are proud to share the results of a lot of hard work and present our 2017 Global Awards – a celebration of the best in the international financial arena!

Congratulations to our winners and finalists.
